WJ Interests named in Texas Monthly Best in Client Satisfaction survey

SUGAR LAND, TX (August 20, 2009) – Bill Jameson and Jared Jameson of WJ Interests, LLC, have both been named in Texas Monthly magazine's FIVE STAR: Best in Client Satisfaction survey for 2009. The award was limited to the top 7 percent of all wealth managers within the Houston market. Only wealth managers with more than five years' experience in the industry were considered. This year's survey will appear as a special section in the September issue of Texas Monthly.

WJ Interests has been providing fee-only financial planning and investment management services to individuals, families and businesses since 1996.

"We were pleased to hear that we were highly ranked in this survey," said Bill. "It is always gratifying to be recognized for client satisfaction, since this really is the most important measurement of our success."

As many as 200,000 consumers and 10,000 financial service professionals were asked to evaluate up to three financial wealth managers, which included financial planners, investment advisors, life insurance agents, attorneys and bankers. Respondents were asked to evaluate only wealth managers who they knew through personal experience and to evaluate them based on nine criteria: customer service, integrity, knowledge/expertise, communication, value for fee charged, meets financial objectives, post-sale services, quality of recommendations and overall satisfaction.

Each wealth manager was then reviewed for regulatory actions, civil judicial actions and customer complaints as reported by FINRA and other regulatory agencies. Finally, a local panel of individuals from within the financial services industry reviewed each entrant and panelist comments were incorporated into the final score.

“Customer satisfaction has always been paramount to WJ Interests’ goals and objectives,” said Jared. “We believe each client deserves individualized attention and respect. Our only objective is to ensure our clients’ financial success. Receiving this award demonstrates to us that we are going about it the right way.”
